JAMB PUSH PLATES
STAINLESS STEEL ACTUATORS

PRODUCT

DESCRIPTION
BEA’s JAMB PUSH PLATES improve overall door access, enhance accessibility for those with limited mobility or disabilities and seamlessly integrate with an automatic door’s activation.

JAMB PUSH PLATES can be mounted in areas with limited space available, such as on guide rails. These push plates may be hard wired to the door operator or connected to BEA’s line of wireless transmitters.

Robust Design
1/16 inch thick stainless steel for maximum durability

Vandal Resistant
Concealed fasteners to minimize vandalism

Available In Complete Kits
Complete kits available including plates, mounting boxes and optional wireless devices for ease of ordering

Enhances Accessibility
ADA-compliant push plates are available in a variety of popular faceplate graphic options

Highly Compatible And Customizable
Compatible with both surface and flush mount boxes; various text, graphic and logo options available
