

ACCESS CONTROL PUSH BUTTON

ILLUMINATED, PUSH TO EXIT BUTTON

PRIMARY APPLICATIONS

DESCRIPTION

BEA's Access Control Push Button is part of the request-to-exit product line, including presence sensors, power supplies, ruggedized pneumatic push buttons, heavy duty piezo buttons, access keypads, a complete range of maglocks and other devices designed for controlled access applications.

BEA's Access Control Push Button is an illuminated access control solution, consisting of a stainless steel faceplate and brightly-lit plastic button. It is appropriate for most indoor and low-ambient light applications.

FEATURES & BENEFITS

- Easily replaced 12 – 24 VAC / VDC light bulb, reducing whole-product replacement
- Stainless steel faceplate
- Vandal / tamper resistant design
- Tested to perform more than 1 million operations
